Youth Workers gatherings

At the 306 Network, we believe in the importance of healthy point youth workers. We desire to foster this through monthly gatherings to support, equip, and belong.

This year, we brought in a variety of high-quality guest speakers to speak into youth ministry and created space to have conversations around leadership, youth ministry skills, and soul care. We further took many times to slow down and connect and evaluate 'how things are really going.'

We are incredibly encouraged to hear things such as:

I love the vision and drive toward sharing the gospel and unity!"

"I think things are going really well, we're engaging both youth pastors and students and seeing God move."...

"This is led by the Holy Spirit"...

This is why we do what we do with youth workers at the 306.

Youth Rallies

We finished off our very first season of running rallies at the 306 Network, and it has been truly an incredible sight to see an outpouring of God's Spirit right before our eyes.

We ran three rallies focusing on a 'share your faith' emphasis, compelling youth to share their faith with their friends around them with the Alpha Youth Series. This resulted in seeing 30+ Alphas launch before our eyes. We further saw God breakthrough in the many youth who attended the rallies in truly awe-inspiring ways. But here it from our students themselves:

"I gave my life to Jesus after hanging on the fence for a while. I believe."

"God has been speaking with me to take over my youth alpha next year at my school"

"I've been struggling lately with feeling the presence of God. This rally showed me that I may not feel God's presence, but he is still with me, and I should trust."

This season of doing rallies has been incredibly fruitful and seeing Him working in it all has blown us all away here at the 306.
